

# Understanding the bigger picture when it comes to the LGV world...

## My Apprenticeship Journey

Hear from one of our incredible learners from FedEx who has experienced the journey firsthand.

“

Robert, employed by FedEx Nottingham, opted for the LGV C+E apprenticeship with Learning Curve Group, with a goal to attain his LGV licence and transition into the transport department!

Robert found his apprenticeship a brilliant experience with abundant support, and Robert has now successfully passed his Level 1 English exams! Although managing on-the-job-hours proved a challenge for Robert initially, with the help and support of his coach, Gary, Robert overcame this hurdle, learning to log hours accurately to maximise his apprenticeship! Robert found the consistent support of Learning Curve Group and his coach, Gary, to be crucial to his position at FedEx!

Throughout the apprenticeship, Robert developed his communication skills and gained crucial knowledge in Level 1 Maths and English, alongside securing his Class 1 driving license! Robert found his programme offered a broader perspective of the LGV world, aiding his professional growth within FedEx.

Robert recommends apprenticeships to others, advising those who are considering one to approach the experience with an open mind, absorbing all available information and support! Looking ahead, Robert aspires to become a Transport Manager, showcasing the career progression that is achievable through Learning Curve Group's apprenticeship programmes!
