

The support from my tutor helped me better understand the course...

My Apprenticeship Journey

Hear from one of our incredible learners from The Hut Group who has experienced the journey firsthand.

“

Stefan completed his Supply Chain Warehouse Operative apprenticeship with employer, The Hut Group. He has found his apprenticeship to be a positive experience throughout and has gained valuable insights during his learning journey.

Stefan chose to undertake an apprenticeship with the aim of gaining a deeper understanding of his job role. So far, he's found the experience to be very good, and has found that gaining a deeper understanding of how the business operates has been a highlight of his journey.

Where challenges did arise for Stefan, he found that the support and help he received from his Vocational Skills Coach, Liam has been instrumental in helping him through the

apprenticeship. Stefan credits Liam for providing fantastic support and helping him overcome obstacles like understanding the course content.

Throughout his apprenticeship, Stefan has particularly developed his maths skills and gained important knowledge about the main laws protecting employees, enhancing his understanding of workplace rights.

Stefan's apprenticeship has positively impacted his job role, improving his understanding of his rights as an employee. He thanks his coach Liam for his respectful nature and effective communication of complex concepts which really made the learning experience for him.

”
