

NCFE LEVEL 2 PRINCIPLES OF CYBER SECURITY

Aged 19+ at the beginning of the academic year

Lived in the EU for 3 years

Available fully funded

In an increasingly digital world, cyber security is fast becoming a main concern for many organisations. With complex online scams and cyber crime, it's essential that organisations have an understanding of preventative measures to maintain cyber security, including techniques and security checks needed to store data securely. This online course is a key starting point for anyone looking to begin their career in cyber security.
