

*My coach supported me immensely,
and knows how I learn best....*

My Apprenticeship Journey

Hear from one of our incredible learners from Housing 21 who has experienced the journey firsthand.

“

Lisa is a Level 4 Housing and Property apprentice at Housing 21, looking to improve her skills and knowledge of the housing sector, which she was completely new to, prior to this role. She also saw this apprenticeship as a fantastic opportunity to enhance her career prospects and progression opportunities later down the line.

Despite challenges and not having traditional academic qualifications prior to her apprenticeship, Lisa has found that her apprenticeship has massively boosted her confidence to excel within her role. Juggling her role responsibilities with coursework in CIH, English and Maths was certainly challenging, but Lisa remained committed to her programme and has had fantastic results.

Lisa is rightfully proud of her achievements and personal growth during her apprenticeship, resulting from her hard work and determination! Finding maths the most challenging aspect of her apprenticeship, Lisa has credited her coach, Rebecca, for her incredible support during the programme. Rebecas understanding of her learning style, continuous encouragement, and recognition of progress played a really crucial role for Lisa in overcoming barriers.

As a newcomer to the housing sector, Lisa naturally had gaps in her knowledge, but her apprenticeship has significantly improved Lisa's skills and behaviours as she has progressed through her learning journey, acquiring in-depth knowledge about the history of housing, tenures, laws and legislation.
