

I now have more transferable skills and knowledge...

Hear from one of our incredible learners from Onward who has experienced the journey firsthand.

My Apprenticeship Journey

“

Fuelled by her desire to broaden her career prospects and gain valuable industry-specific knowledge, Hattie has found that her apprenticeship has been a positive experience! Marked by her successful completion of assigned tasks, workbooks, and her enriching apprenticeship project, Hattie's journey has enabled her to achieve her goals.

Her journey was not without challenges, but with the support of her dedicated tutor, Lousie, Hattie has been able to overcome hurdles thrown her way and achieve fantastic results.

Hattie has really enjoyed the creative processes of her project idea and the invaluable feedback that she has received from colleagues and customers. Instilling a sense of pride and professional empowerment, Hattie has found these experiences to have enriched her overall learning experience!

Throughout her apprenticeship, Hattie has found that her confidence, communication skills, and the depth of her knowledge have significantly expanded, encompassing diverse aspects of the housing industry. She now understands the need for more social housing, alongside learning about private rent, owner occupation, and social rent.

Now, Hattie feels well-equipped to contribute to her job, make meaningful differences, and consider broader career opportunities within Onward Homes.

Hattie strongly recommends apprenticeships as a great career pathway, even stating that she wishes she has done one straight after college instead of going to university!

”
