

A close-up photograph of a hand holding a black glucose meter. The meter's screen displays the number '98' with 'mg/dL' below it. A white test strip is inserted into the meter. The background is a soft-focus image of a hand, and the entire image is overlaid with a semi-transparent purple filter. A white curved graphic element is visible in the top right corner.

LEARNING CURVE
GROUP

A decorative purple wavy graphic element, similar to the Learning Curve Group logo, positioned to the left of the text.

CACHE LEVEL 2

UNDERSTANDING THE CARE & MANAGEMENT OF DIABETES

The Course

There is an emerging global epidemic of diabetes. In the UK alone, 3.2 million people are diagnosed with the disease and an estimated 630,000 people have the condition but don't know it. It is believed that deaths from diabetes will rise by more than 50% in the next ten years. Simple lifestyle measures can be effective in preventing or delaying the onset of this chronic, debilitating and often deadly disease.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Improve your understanding of the various forms and causes of diabetes
- Evidence your competency to employers
- Further your personal and professional development
- Learn at a time that suits you without the need to attend college
- Create better preventative care by being able to identify early signs of diabetes

What you will learn

- Understand Diabetes
- Prevention and Early Intervention of Type 2 Diabetes
- Understand the Initial Care of Diabetes
- Understand the Treatment and Management of Diabetes

Lived in the EU
for **3 years**

Aged 19+ at the
beginning of the
academic year

How to Sign Up

Learners may be eligible for funding which means the course won't cost a thing to complete (subject to eligibility). There is a £125 cancellation fee if a learner enrolls and fails to complete or withdraws early from the course. This fee is to cover administration costs. We may be able to offer extensions if learners are unable to meet the set submission deadline. Please read the declaration on the enrolment form carefully before signing up.

What happens after enrolment?

1. Submit your enrolment form and get instant access to begin your course
2. We'll process your funding application, and a tutor will be assigned to support you through your course
3. Receive text reminders when your work is due
4. Your work will be marked and returned to you within 7 days
5. Once you've submitted your work, we'll apply for your certificate

How learners use this course

This 6-week course in Understanding the Care and Management of Diabetes will give you the insight you need if you were to pursue a career in Health and Social Care. Careers such as;

- **Social Work Assistant**
(£12,500 to £25,000)
- **Senior Care Worker**
(£17,000 to £27,000)
- **Occupational Health Nurse**
(£25,000 to £55,000)

It was a great course...

It was a great course and I felt the information was easy to understand, well displayed and my tutor/assessor was full of information and encouraging feedback.

Date of experience: June 2022

A great opportunity to complete a free course...

A great opportunity to complete a free course during my maternity leave. Very supportive tutor and telephone operators.

Date of experience: June 2022

The tutor was always quick to respond...

The tutor was always quick to respond to any questions I had always helpful. I never felt under pressure and it was great to study at a steady pace. I enjoyed this so much that I am ready to enrol on another course!!

Date of experience: June 2022

Amazing online course...

Fantastic support throughout the course. Learnt so much and well worth doing. Will make my job a lot easier and understand as much as I can what people with Dementia go through on a daily basis.

Date of experience: June 2022
