

NCFE CACHE LEVEL 2

ADVERSE CHILDHOOD EXPERIENCES

Adverse childhood experiences can be direct, such as physical abuse, or indirect, for example the the divorce of parents. They have been shown to drastically impact a child's development, and can even lead to premature death. This course will give you the skills needed to support people with ACEs and help them overcome obstacles.

Please Note: this is a Technical Specialist qualification; you should be employed in a relevant childcare setting to complete the knowledge requirements of this course.
