

CACHE LEVEL 2

PREVENTION & CONTROL OF INFECTION IN HEALTH CARE

The Course

About 300,000 patients develop an infection in England each year while being treated by the NHS. Protecting people from infection is an essential element of providing high quality care, especially considering the capacity some potentially life-threatening infections have to spread within care environments.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency to employers
- Gain deeper understanding of good personal hygiene and maintaining a clean environment
- Further your personal and professional development
- Learn at a time that suits you without the need to attend college

What you will learn

- Principles of the Causes and Spread of Infection in Health Care Settings
- Principles of the Importance of Personal Hygiene and Health in the Prevention and Control of Infection in Health Care Settings
- Principles of Decontamination, Cleaning and Waste Management in Health Care Settings
- Principles of Infection Prevention and Control in a Health Care Setting

Lived in the EU

How to Sign Up

Learners may be eligible for funding which means the course won't cost a thing to complete (subject to eligibility). There is a £125 cancellation fee if a learner enrolls and fails to complete or withdraws early from the course. This fee is to cover administration costs. We may be able to offer extensions if learners are unable to meet the set submission deadline. Please read the declaration on the enrolment form carefully before signing up.

What happens after enrolment?

1. Submit your enrolment form and get instant access to begin your course
2. We'll process your funding application, and a tutor will be assigned to support you through your course
3. Receive text reminders when your work is due
4. Your work will be marked and returned to you within 7 days
5. Once you've submitted your work, we'll apply for your certificate

How learners use this course

If you chose to do this Level 2 Course, it could lead to careers in Health Care. Such careers can include;

- **Ambulance Care Assistant**
(£18,545 to £21,776)
- **Health Promotion Specialist**
(£21,000 to £40,000)
- **Environmental Health Officer**
(£25,000 to £60,000)

It was a great course...

It was a great course and I felt the information was easy to understand, well displayed and my tutor/assessor was full of information and encouraging feedback.

Date of experience: June 2022

A great opportunity to complete a free course...

A great opportunity to complete a free course during my maternity leave. Very supportive tutor and telephone operators.

Date of experience: June 2022

The tutor was always quick to respond...

The tutor was always quick to respond to any questions I had always helpful. I never felt under pressure and it was great to study at a steady pace. I enjoyed this so much that I am ready to enrol on another course!!

Date of experience: June 2022

Amazing online course...

Fantastic support throughout the course. Learnt so much and well worth doing. Will make my job a lot easier and understand as much as I can what people with Dementia go through on a daily basis.

Date of experience: June 2022
