

CACHE LEVEL 2

UNDERSTANDING CLIMATE CHANGE & ENVIRONMENTAL AWARENESS

The Course

Sustainability is quickly becoming a high priority for many businesses. Making moves towards becoming a 'greener' organisation can also provide cost saving initiatives, such as reducing waste or saving energy. This qualification covers the nature of climate change and the role that individuals, businesses and other organisations play in helping to reduce carbon emissions. This course gives the knowledge and understanding for individuals to act as drivers of positive change within the workplace and at home.

Lived in the EU
for **3 years**

Aged 19+ at the
beginning of the
academic year

delivery

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency to employers
- Further your personal and professional development
- Learn at a time that suits you without the need to attend college
- Increase your understanding of environmental awareness and act as a champion in the workplace

What you will learn

- Understand climate change, sustainability and environmental protection
- Understand industry and the environment
- Understand resource efficiency and waste management

How to Sign Up

Learners may be eligible for funding which means the course won't cost a thing to complete (subject to eligibility). There is a £125 cancellation fee if a learner enrolls and fails to complete or withdraws early from the course. This fee is to cover administration costs. We may be able to offer extensions if learners are unable to meet the set submission deadline. Please read the declaration on the enrolment form carefully before signing up.

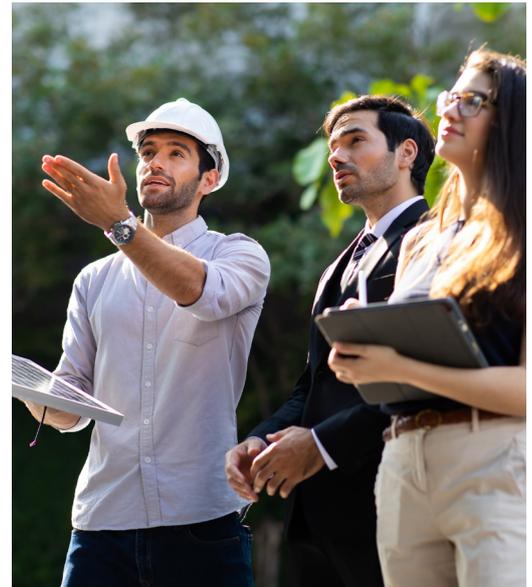

What happens after enrolment?

1. Submit your enrolment form and get instant access to begin your course
2. We'll process your funding application, and a tutor will be assigned to support you through your course
3. Receive text reminders when your work is due
4. Your work will be marked and returned to you within 7 days
5. Once you've submitted your work, we'll apply for your certificate

How learners use this course

By completing the Level 2 Course in Understanding Climate Change And Environmental Awareness, you can become more aware of the issues surrounding climate change and the environment. This course would be ideal for those who are interested in a career such as;

- **Environmental Consultant**
(£23,000 to £43,000)
- **Agricultural Inspector**
(£23,000 to £50,000)
- **Hydrologist**
(£22,500 to £46,000)

It was a great course...

It was a great course and I felt the information was easy to understand, well displayed and my tutor/assessor was full of information and encouraging feedback.

Date of experience: June 2022

A great opportunity to complete a free course...

A great opportunity to complete a free course during my maternity leave. Very supportive tutor and telephone operators.

Date of experience: June 2022

The tutor was always quick to respond...

The tutor was always quick to respond to any questions I had always helpful. I never felt under pressure and it was great to study at a steady pace. I enjoyed this so much that I am ready to enrol on another course!!

Date of experience: June 2022

Amazing online course...

Fantastic support throughout the course. Learnt so much and well worth doing. Will make my job a lot easier and understand as much as I can what people with Dementia go through on a daily basis.

Date of experience: June 2022
