

NCFE CACHE LEVEL 2

MENTAL HEALTH IN EARLY YEARS

During the critical period of a child's early years, their experiences can influence their future mental health. Understand the potential traumatic experiences which can affect a child, and how to provide support.

Please Note: this is a Technical Specialist qualification; you should be employed in a relevant childcare setting to complete the knowledge requirements of this course.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Further your personal and professional development
- Be able to support individuals effectively
- Learn at a time that suits you without the need to attend college

Modules

- Mental health for young children in the early years
- The significance of attachment and adverse childhood experiences for young children in the early years
- The role of the Early Years Practitioner supporting mental health and wellbeing for young children in the early years

Immediate start online, with expert tutor support

Complete around your schedule, over 7 weeks
