

I feel the apprenticeship has helped me to adjust in my new position...

My Apprenticeship Journey

Hear from one of our incredible learners from Saxon Weald who has experienced the journey firsthand.

“

Tammy, an employee at housing association, Saxon Weald, is currently undertaking a Level 3 Housing and Property Management apprenticeship to enhance her knowledge and qualification portfolio after being given the opportunity at her job.

A crucial aspect of Tammy's journey has been the resources and information provided by LCG which have boosted her development in her job role. Throughout her programme, Tammy has also been working toward her IRPM and Maths Functional Skills qualifications.

The support Tammy has received from her manager and dedicated Learning Curve Group tutor, Rebecca, has been the highlight of her learning journey so far.

Having been promoted during her apprenticeship programme, Tammy has found that the knowledge and skills developed during her apprenticeship are even more applicable to her everyday role, boosting her capacity to excel and making meaningful differences!

Significantly enhancing all areas of Tammy's skills and behaviours, she has found that her apprenticeship has allowed her to seamlessly transition into and adjust to her new role at Saxon Weald especially in regard to her knowledge in new areas of Housing.

Tammy now looks to progress to a Level 4 apprenticeship, giving the advice that anyone considering an apprenticeship should absolutely go for it as it will massively enhance their personal and professional life!
