Access to Higher Education Diplomas

Our online Level 3 Access to HE Diplomas are designed specifically for adult learners who may not have traditional qualifications, providing a direct pathway into higher education. These qualifications equip learners with the essential knowledge and skills needed to progress to Level 4 study at university or college.

We've developed our diplomas to support flexible learning – whether fully online or blended – with a roll-on, roll-off enrolment model that allows learners to join throughout the academic year. Using eAssessorPro also offers time-saving benefits for teaching staff, enhancing efficiency and supporting learner success.

Qualification	LAR	AO	Level	Price
Access to Higher Education Diploma (Education)	40015191	AIM	3	£3,384

Pre-Employment Training

With a competitive marketplace and reduced budgets, it is essential that pre-employment training is destination-focused and provides sustainable and progressive career options for learners.

We have continued to expand our offer of qualifications across different levels to support learners at the start of their journey. Our dynamic resources respond to the ever-changing employment market and have been designed to help people develop new skills to enter employment or to change career.

Learner Referral Model

Our learner referral model can take your learners from careers education, information and guidance (CEIAG) to active enrolment.

We have vast experience of supporting partners to grow their direct delivery of ASF and Free Courses for Jobs learner numbers.

OUR PARTNERSHIP MODEL:

Initial CEIAG engagement

- > Learners receive expert advice from course advisors, ensuring they are guided towards the right opportunities.
- > Support in identifying career goals and funding eligibility.

Tailored course recommendations

- > Learners are matched to the best course based on their skills, interests and eligibility.
- > Personalised guidance to ensure learners choose a pathway that aligns with their future aspirations.

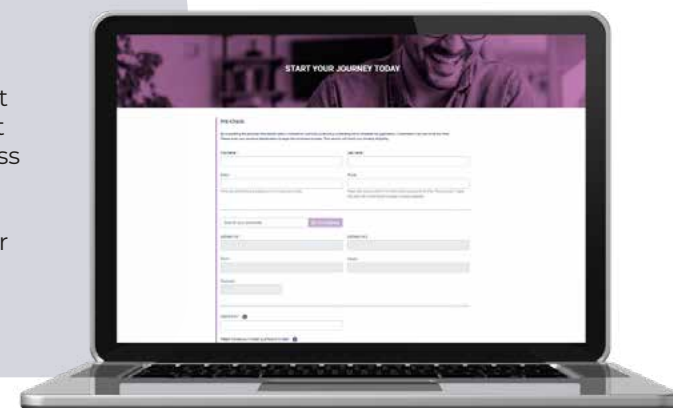

Active learning

- > Learners are active on eAssessorPro and can start learning immediately.
- > You can assign a tutor.

Seamless enrolment process

- > Bespoke online enrolment forms streamline the process, ensuring accuracy and compliance.
- > Learners complete an online induction, preparing them for their learning experience.
- > Initial assessments identify learner needs and ensure the right level of support from the start.
- > Learners receive a comprehensive, personalised learner handbook giving them clarity on expectations, timelines and resources.

We can support you to find learners, whatever your eligibility or contract restrictions. We have vast experience working across all devolved authorities, supporting engagement with learners on a local or national level.

Supported Delivery

Many FE providers are looking to transition away from, or reduce, subcontracting to grow internal direct delivery. We have packaged the support we can provide to make your delivery a success. This provides the flexibility to select specific services as needed and allows for a customised approach that caters for the specific needs of your local skills agenda and learners.

KEY ADVANTAGES OF OUR SUPPORTED DELIVERY MODEL:

Flexibility and Control

- > A supported delivery model has the flexibility to select the specific services you require, and it enables you to maintain control over the overall delivery of the programme. This contrasts with subcontracting, where you cede control to a third-party contractor.

Cost-Effectiveness

- > The supported delivery model can be more cost-effective in the long term. As part of the transition to you offering direct provision, you will only pay for the services you require. This model may enable you to leverage existing staff and resources to deliver some of the services yourself.

Quality Assurance

- > When you engage with a supported delivery model, you have more direct control over the quality of the programme. You are fully responsible for awarding body interaction, including approval application, registration and certification. This is supported by our expert consultancy team.

Supporting Local Learners and Employers

- > By utilising a supported delivery model, you can support local learners and employers and grow internal capacity with the identification of the learners and new curriculum delivery areas. Learners can be offered opportunities to study additional courses and progress to further learning.

Sustainability

- > This delivery model can help with planning for sustainable provision, as it allows you to build internal capacity and experience to deliver the programme. This means that you will be less reliant on external contractors in the future.

OUR SUPPORTED DELIVERY MODEL COVERS

Five Pillars

01. Learning Materials and Online Platform

- > We will provide high-quality learning materials, aligned with the curriculum and assessment criteria, and access to our online learning platform eAssessorPro.

02. Learner Find, Enrolment and Induction

- > We recruit, enrol and induct learners onto the programme. This involves a robust CEIAG recruitment process that attracts a diverse range of learners.
- > Streamlined online enrolment procedures that minimises administrative burdens for learners.
- > A comprehensive induction that prepares learners for the programme.

03. Tutor Delivery

- > We provide high-quality, experienced and qualified tutors via our agency, who are experts in their field and deliver engaging and interactive teaching that caters for diverse learning styles.
- > Effective use of technology to enhance the learning experience and provide regular feedback to learners on their progress.
- > All delivery staff undertake training and CPD to ensure their knowledge is up to date.

04. Moderators

- > We conduct independent moderation of assessments via qualified and experienced moderators who are experts in the subject area.
- > This ensures consistent and fair moderation of assessments, timely feedback to tutors and identification of areas for improvement in the teaching and learning process.

05. Registration and Certification

- > The provider is responsible for awarding body registration and certification.

Essential Digital Skills

RESOURCES

Many providers are looking for high-quality Essential Digital Skills resources that support both effective delivery and successful assessment outcomes. Our comprehensive package provides detailed unit outlines, clear skills statements, engaging activities and practical assessment checklists, helping learners build confidence for mock and live assessments while giving tutors the tools they need to deliver with consistency and success.

More than just resources, we offer a complete solution to prepare your learners for their awarding organisation assessment:

- > **Comprehensive coverage:** enables learners to explore the required knowledge and skills across all areas.
- > **Clear online links:** integrate digital content seamlessly within your teaching.
- > **Exemplar answers and marking guidance:** save time and ensure consistent assessment.

Blended Learning Approach

- > Seamlessly integrate face-to-face, remote and hybrid instruction with interactive video, multimedia content and adaptable activities.

Structured and Aligned

- > Five units mirror the national EDSQ skill strands, offering two dedicated guides per unit (Entry Level 3 and Level 1) for precise curriculum mapping.

Diversity and Inclusion

- > Tailored guidance and alternative delivery methods cater to a range of learner needs and profiles. Access to the widest range of market-leading learning and assessment resources.

Effortless Preparation

- > Detailed outlines, clear skills statements, engaging activities and assessment checklists prepare learners for mock and live assessments with confidence.

Functional Skills

RESOURCES

Our learning resources provide core knowledge and skills to benefit learners in education, employment and everyday life. Designed to make English and maths engaging, learners will watch a series of videos that explain key topics and complete quiz questions to put their learning into practice.

Our Functional Skills resources are hosted on our eAssessorPro platform, supporting flexible and fully online delivery of Functional Skills, designed specifically to help you maximise resources. All assessments are self-marked by the system, requiring a 100% pass mark.

Maths Modules

- > Multiplication and division
- > Area, perimeter, ratios and proportion
- > Fractions, decimals and percentages
- > Mode, median and mean
- > Measurement
- > Analysis

English Modules

- > Spelling
- > Punctuation
- > Grammar
- > Sentences
- > Verbal communication
- > Reading
- > Writing

Functional Skills Maths and English are available at Entry Level 1, Entry Level 2, Entry Level 3, Level 1 and Level 2

EdTech Suite

Whether you're looking for a way to offer online learning, to improve careers advice and guidance or to track your learners' destinations after studying, we can help! Our EdTech solutions have been specifically designed for colleges, training providers and higher education institutions to improve their learners' experience through technology.

eAssessorpro.

Change the way you approach online learning with eAssessorPro. Our market-leading LMS has been used by over 1 million learners.

careerspro.

The AI-powered career planning platform designed to take your CEIAG to the next level.

connectpro.

Supports learner engagement, destination tracking and outcome evidence in one platform.

destinationpro.

Enables destination outcome monitoring, tracking and evidence provision.

If any of our EdTech solutions have caught your eye, scan the QR code to organise a **no-obligation demo**.

FE Recruitment

We offer a range of services to the FE sector, identifying and supplying high-level talent to support your workforce.

Our expert recruitment team can identify and supply high-level individuals, typically those qualified and occupationally competent to deliver the assessment or moderation of our distance learning qualifications.

Benefits of our recruitment service:

- > Database of existing assessors and IQAs
- > Additional skills and knowledge to your business
- > Opportunities for low-risk business growth
- > Dedicated account manager

Flexible terms of business that are based on your needs, not ours

In addition to the standard marking service, we can top this up to offer a session-based tutor service to those learners where self-study is less suitable.

Interim and executive search

Using our own extensive network and partnering with the leading interim solutions business, FEA, we have access to a large pool of experienced and highly skilled individuals looking for permanent and temporary positions with FE providers.

Consultancy

For providers offering more interactive and bespoke training, we provide on-site consultancy sessions tailored to your requirements. Content can include curriculum planning, leadership and management, efficiency savings and much more.

Course Builder

COURSE CREATION & PROGRAMME DESIGN

Create, manage and deliver your own courses within eAssessorPro. This feature allows you to build bespoke courses and programmes directly within the platform, giving you full control over design and delivery.

BUILD CONTENT WITHOUT TECHNICAL EXPERTISE

You can create learning content, assessments, assignments and learner activities without needing specialist development skills.

Existing resources can be uploaded and organised into clear, structured learning pathways, making it easy to deliver consistent and engaging programmes.

CENTRALISED MANAGEMENT & REPORTING

All enrolments, learner progress, evidence and reporting can be managed in one place, providing a streamlined experience for both administrators and learners. The system supports accredited and non-accredited programmes, as well as employer-led and internal training.

FLEXIBLE LMS DELIVERY OPTIONS

eAssessorPro can also be used as a stand-alone Learning Management System for your organisation. It supports classroom-based, blended and fully online delivery models, offering flexibility to suit different training needs.

FULL CONTENT CONTROL & FUTURE PROOFING

You retain full ownership and control of your content and can quickly update courses to reflect changing employer requirements, curriculum updates or funding needs. This reduces reliance on third-party content providers and ensures your training remains relevant and up to date.

Curriculum Design Services

EXPERT CURRICULUM DESIGN

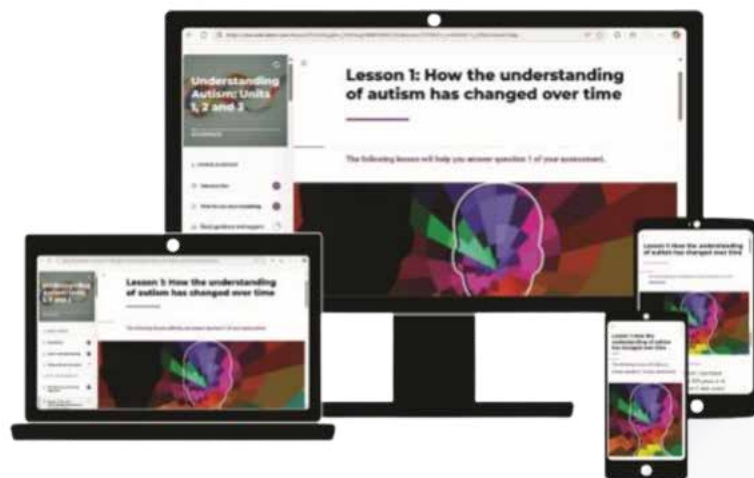

Our Curriculum Design Services provides expert curriculum design and content creation services. You can access a specialist team who will work with you to create bespoke learning resources and programmes tailored to your organisation.

END-TO-END DEVELOPMENT SERVICE

We offer a complete end-to-end service, from initial concept through to full developed, learner-ready materials. This includes both accredited and non-accredited programme development.

COMPREHENSIVE LEARNING RESOURCES

Our team creates a wide range of resources, including learner workbooks, tutor guides, assessments, presentations, eLearning content and other digital materials. Each piece of content is designed by sector specialists with experience across further education, employability, apprenticeships and workforce development.

STANDARDS-ALIGNED CONTENT

All materials are developed to meet awarding organisation standards, employer expectations and funding requirements. Resources can be delivered for use within eAssessorPro or exported for use in other learning platforms or classroom environments.

QUALITY ASSURED & ACCESSIBLE LEARNING

Every programme is quality-assured, learner-focused and designed with accessibility in mind. White-labelled content is also available, allowing you to align materials with your organisation's branding and delivery model.

FLEXIBLE PROGRAMME DEVELOPMENT

We offer flexible development options, whether you need individual units or fully developed qualification programmes.

“ Working with Learning Curve Group on the LSIF projects was a genuinely collaborative and rewarding experience. From the outset, their team demonstrated a deep understanding of digital content development, combining creativity with a strong grasp of educational outcomes. What stood out most was their commitment to quality and their proactive, solutions-focused approach.

Throughout the project, communication was clear, consistent, and constructive. We worked together seamlessly to co-design engaging, learner-centred materials that not only met the brief but often exceeded expectations. Their flexibility and responsiveness made the process efficient and enjoyable, and their attention to detail ensured that every piece of content was both pedagogically sound and visually impactful.

Learning Curve Group brought a positive energy to the project that made a real difference – they were not just a supplier, but a true partner in delivering meaningful digital learning solutions. I'd gladly work with them again and highly recommend their expertise to others. ”

Gateshead College

Ivan Jepson | Business Development Director

Commitment to Accessibility and Inclusion

In our ongoing commitment to accessibility and inclusion, we're proud to partner with ReciteMe to bring their cutting-edge Assistive Toolbar to eAssessorPro. This integration empowers users of all abilities to navigate and engage with our platform more easily, ensuring a more inclusive experience for everyone.

Features:

- ✓ **Text-to-speech:** reads website text and image alt text aloud.
- ✓ **Translation:** supports 100+ languages and 65+ voice options.
- ✓ **Custom styling:** adjust font type, size, colour, spacing and background themes.
- ✓ **Reading aids:** includes screen masking, reading rulers and content simplification.
- ✓ **Dictionary tool:** instantly explains unfamiliar words.
- ✓ **Downloadable audio:** converts highlighted text into audio files.
- ✓ **Enlarged cursor:** enhances navigation for users with visual or motor impairments.
- ✓ **AI summarisation:** condenses long content into easy-to-read summaries.

For more information, please contact:

salesteam@learningcurvegroup.co.uk

Benefits:

- ✓ **Boosts brand reputation:** demonstrates commitment to accessibility and inclusion.
- ✓ **Expands audience reach:** makes content accessible to over 1 billion people globally.
- ✓ **Enhances user experience:** empowers users to personalise their digital journey.
- ✓ **Supports compliance:** meets WCAG, ADA and EAA standards.
- ✓ **Drives conversions:** inclusive design improves engagement and retention.
- ✓ **Fast and easy integration:** quick setup with full support from ReciteMe.
- ✓ **Insightful analytics:** tracks usage and engagement to measure impact.
- ✓ **Marketing support:** includes help with PR, landing pages and social media promotion.

Delivering Excellence

With over 20 years of experience delivering funded programmes, we understand the quality and audit compliance processes required by our partners, and this expertise is reflected in the outstanding feedback received during our most recent Ofsted inspection for the quality and impact of our adult learning programmes. As a market leader in high-quality learning resources, Learning Curve Group provides approved and accredited content for a wide range of nationally recognised qualifications, supporting FE providers with trusted, flexible solutions.

Our courses can be used as stand-alone qualifications or, in some cases, as part of an apprenticeship standard, with many embedding English and maths into real-world work and life scenarios. To further enhance accessibility, eAssessorPro, our awarding organisation-approved online assessment platform, enables learners to complete assessments on any Internet-enabled device, making learning more flexible and inclusive.

Ofsted reported that:

- ✓ Learners value the highly professional and easy-to-follow online learning programmes that enable them to study at times convenient to their lifestyles.
- ✓ Leaders and managers have a clear vision for the provision that they offer.
- ✓ Leaders and managers have constructed a rich curriculum that is relevant to local, regional and national employment priorities.
- ✓ Leaders and managers design and review the curriculum to ensure that it includes relevant courses that meet learners' needs.
- ✓ Apprentices demonstrate a professional approach to their work.
- ✓ Tutors are well-qualified and experienced in the subjects that they teach and assess.

Antrec Limited – a subsidiary of Learning Curve Group, rated outstanding in 2022.
