Entry requirements

All candidates will be invited to attend a pre-course interview at one of our Academies.

You will learn a vast range of skills, including how to wallpaper, paint with gloss and emulsion, and varnish inside and out. Through expert training on the use of materials, such as oil and water-based paints, you will soon grasp the best solution for each job and how to create the 'wow' factor. You will discover how to impress clients and brighten up their lives by creating the liveable and workable spaces they dream of.

In addition to practical activity, you will acquire knowledge during theory sessions relating to your chosen craft. You will also be given the opportunity to improve your maths and English skills with our high-quality functional instruction. We can even help you prepare for the world of work through relevant employability support and work experience.

“ I am thoroughly enjoying my level 1 Painting and Decorating course. The centre is great and the tutors and staff are brilliant and really helpful. I can't wait to get back into work and use the skills I have learned.
