

UNDERTAKING END-POINT ASSESSMENT LEVEL 3 AWARD

Apprenticeship programmes now require an end-point assessment, and with this there is a rapidly growing need for end-point assessors. This qualification equips the learner with the knowledge to undertake end-point assessments in line with the new apprenticeship standards.

Who is it for?

The objective of this qualification is to support a role in the workplace, as it will provide specific knowledge and skills for those who plan to undertake end-point assessment processes and practices. It is designed to support those who have sector competence within the areas of approved apprenticeship standards and who would like to gain a more specialised understanding of end-point assessment processes and practices.

The programme in brief

- Reviewing apprenticeship standards
- Determining and recording end-point assessment
- Grading assessments in line with apprenticeship standards
- Procedures to maintain confidentiality of end-point assessment information
- Policies, procedures and legislation
- Providing end-point assessment feedback to stakeholders

How you will learn

We want to help you get the most from your training programme. Therefore, we will provide you with the support and guidance you need through a mixture of face-to-face and online learning.

Delivery method - distance learning with one day in the classroom. You will receive a workbook prior to your one day face-to-face classroom session.

Eligibility

To be eligible for this course, you must be 18 years of age or above. You need to have proven experience in the sector area that you plan to conduct end-point assessments within.

As well as the above, it is a recommendation (but not a requirement) that learners have achieved a maths and English qualification at Level 2. If you do not have a Level 2 qualification in maths or English, Learning Curve Group can support you towards gaining a functional skills qualification, which you can study alongside your programme.

Course costs

The cost of this course is £300 + VAT.

What you will learn

- Assessing the vocational knowledge, skills and behaviours of an apprentice to meet end-point assessment requirements.
- Recording the end-point assessment decision.
- Justifying end-point assessment and grading decisions in line with the apprenticeship requirements.
- Following procedures to maintain the confidentiality of end-point assessment information.
- Following relevant policies, procedures and legislation when conducting, recording and reporting end-point assessments.
- Providing end-point assessment feedback to stakeholders.

Benefits for you

- Achieve a nationally recognised Level 3 qualification
- Receive advice and guidance from a dedicated team of assessors/tutors
- Become more knowledgeable about the end point assessment process
